Program Overview for the Conference App

Outline

- ➢ 3 Segments during the 75 minutes
- ➢ Each Segment will start with table discussion of the questions provided.
- ➢ Each Segment will then have whole room discussion.
- ➢ Timing is approximate – if energy and interest are high, we may adjust the schedule.

At the Table

- ➢ Goal: Generate discussion among colleagues; hear the experiences of similarly and differently situated organizations; learn some concrete ideas to help your work and organization. Surface and note points to share with the whole room so all can hear and learn.
- ➢ To Start: As you get seated even before the program begins, *quickly introduce yourselves –* name, organization, city, focus of your work.
- ➢ *Volunteer to "reseat" if there is not a mix of people from different organizations or employers and schools – a mix of backgrounds will maximize your discussion.*
- ➢ Volunteer a scribe. Tables may have a table leader, or just pick a leader.
- ➢ Share ideas during the whole room discussion (need not be the scribe).

Program

- ➢ The program leaders will introduce the topics and facilitate the whole room discussion.
