Beloit College, Bachelor of Arts, Major: *International Relations*, Minor: *Religious Studies*, Beloit, WI

STATEMENT OF INTEREST

I am honored to be nominated to serve on the NALP Nominating Committee for 2025-2026. As a member of that Committee, I would greatly look forward to expanding upon my current NALP involvement in a way that benefits all my colleagues in the organization. As a NALP member, I have benefited from the organization's dedication to cultivating leaders who are active, diverse, thoughtful, and represent the full spectrum of NALP members. As my position in my own organization has changed focus multiple times over my tenure, I know the importance of having a representative, engaged, and creative slate of candidates for leadership and I would work tirelessly within the Committee to solicit candidate nominations that can best serve all of our members' needs.

Outside of my roles at DePaul College of Law and at NALP, I have had multiple roles of leadership positions within volunteer professional organizations. I would bring the knowledge of those roles to my work with the Nominating Committee and would look forward to collaborating with my colleagues throughout the entire process. I am enthusiastic and committed to serving my colleagues at NALP and thank you for considering my application to serve NALP as a member of the Nominating Committee.
