Leadership & Activities

The National Association for Law Placement, Member and Latinx/Hispanic Affinity Group Co-Lead

Chicago Association of Legal Personnel Administrators, Member

I am passionate about connecting with like-minded professionals who share my enthusiasm for legal recruiting, diversity, equity and inclusion, talent development and advising. With a track record of successful talent acquisition and fostering diversity within the legal profession and over six years of experience working with law students and attorneys, I have established a strong foundation in the legal industry. In my current role as the Manager of Attorney Recruitment at Honigman, I lead student, lateral associate, and professional track attorney recruiting firmwide. I am an active NALP member and co-lead the Latinx/Hispanic Affinity Group, advocating for greater representation and opportunities for underrepresented groups in the legal field. Additionally, I am involved in local legal professional organizations, which demonstrates my commitment to continuous learning and professional development. This year I am excited to be presenting at the Annual Education Conference (AEC) in April, which will be my first time speaking at a NALP conference. Having attended the Newer Professionals' Forum, the AEC (virtually during covid, and in-person), as well as the NALP Recruiting Summit, I feel well prepared to serve as Conference Planning Coordinator.
