Midwest Nominating Committee Candidate

STATEMENT OF INTEREST

I would be honored to serve the NALP community as a member of the Nominating Committee. I have been a NALP member since the early 2000's and have benefited from the educational development NALP provides for its members. Whether that be an Annual Education Conference, regional call, or work group meeting, NALP is always at the forefront of the industry and ensures its members are as well.

My previous volunteer leadership roles as President and Vice President of CALPA (Chicago Association of Legal Personnel Administrators) sets me up for success to serve NALP members in this role. In my service to CALPA, I provided effective leadership of a large city group organization, planned meeting programming, and served as a liaison between the city group and NALP leadership. I was able to nurture upcoming talent on the CALPA board and further appreciate the values and contributions it takes for one to be successful in a volunteer role to serve a membership.

My dedication would be no different as a member of the Nominating Committee. If elected to serve, I will work to educate members on NALP leadership positions through educational calls, city group outreach, and marketing on NALPconnect. From there, I would ensure to solicit a wide array of nominations that represent the many talents and voices within our profession and serve as a resource for members as they navigate the nomination process. This work would continue with the slating of members for officer and director positions with NALP leadership.

I am excited at the prospect of serving the Midwest Region on the Nominating Committee and hope to contribute my leadership skills and industry knowledge to ensure NALP's continued leadership is strong. Thank you for your consideration.
