## Statement of Interest

I am very grateful to accept the nomination for the Regional Representative role for the Midwest Region. Since joining NALP in 2017, I grow more and more appreciative of the wonderful colleagues and mentors that I've come to know and collaborate with, as well as those who have become friends. I am eager to continue to serve the NALP membership by advancing learning and connection opportunities, and by bringing our community together for inclusive and meaningful experiences. Through my current and prior section leadership roles and my participation in various work groups, I believe my experience, strategic organization, and communication skills would be a strong asset to the Regional Leadership Council. Thank you for your consideration!
