### Statement of Interest

I am honored to be nominated to continue serving the NALP community as a member of the Nominating Committee. As my term on the Regional Leadership Council comes to a close, I am looking forward to continuing my involvement with NALP through this important role. The responsibility of helping to select NALP's future leaders is one I take very seriously. NALP was a blessing to me as I navigated the early stages of my career. It enabled me to connect with professionals in my field nationally and internationally and gave me confidence. As I now enter the middle stages of my career, I know the value of NALP and want to give back to the community that has given so much to me. Being part of the team that plans for NALP's future through the selection of new leaders will be a wonderful way to do that.
